

# **Fisherman's Landing Pet Policy**

**Pets are welcome with well-trained owners.**

- Only two (non-aggressive) pets per site are permitted, unless prior approval from management. All pets must be licensed, with up-to-date vaccinations.
- Pets must be kept on a physical leash attached to a human or stationary object at all times, including on the waterfront, in the lake, and parking lot areas. No portable dog fence, gate system, or invisible fences allowed. Dog crates with secure tops are acceptable.
- Pets must be kept under control at all times. Even the most obedient animal may react unexpectedly in strange surroundings
- Tie-outs may not extend past your assigned lot boundaries. Pets may not at any time be tied to lot, electrical or water posts belonging to Fisherman's Landing, Inc.
- Pets are not allowed inside office, restroom facilities or playground areas.
- Pet waste must be cleaned up immediately and disposed of in the dumpster. Bring disposal items with you when walking your pet. Saying that you will be "right back" to clean up is not acceptable.
- Do not leave pets unattended. Animals left with no food and/or water for extended periods of time will result in a call to local animal welfare departments.  
Pets must not be a nuisance to other guests. Excessive barking or other pet noises will not be tolerated. Pets that are the cause of complaints will be asked to leave the park.
- Management reserves the right to determine aggressive and/or exotic pets and restrict accordingly.

**Failure to abide by these rules will result in your eviction from the campground, with no refund.**

## **Fisherman's Landing Pet Policy – Acknowledgment & Agreement**
